In Re: **Environmental Covenant for the Chemical Recovery Systems Superfund Site, Elyria, Ohio**

Dear Mr. Dubena:

Please find enclosed the Environmental Covenant for the Site. Please have Mrs. Obitts sign the enclosed Covenant in the presence of a Notary Public, so that her signature can be notarized when she signs the Covenant. You can obtain the services of a Notary Public at any bank. Please have her sign the Covenant and then return it to us promptly.

I am sending this by UPS overnight, and I am enclosing a UPS package addressed to myself for your convenience in returning the signed and notarized Covenant. U.S. EPA will pay the billing charges for the return of the signed and notarized Covenant.

As soon as you return the signed Covenant we will present it to the Superfund Division Director for his signature. Once the Director has signed and the Covenant is fully executed, we will return the fully executed Covenant to you so that you can record it with the Lorain County Recorder's Office.

When we send you the fully executed Covenant for you to record, we will also enclose the Notice which Mrs. Obitts is required to sign and record pursuant to paragraph 9 of the Consent Decree, so that you can record both the Notice and the Covenant with the Lorain County Recorder's Office at the same time, as we discussed previously. Like the Covenant, the Notice will have to be signed in the presence of a Notary and the signature notarized.

If you have any questions about the process, please call me at (312) 886-0552.

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas C. Nash". The signature is fluid and cursive, with the first name "Thomas" and last name "Nash" clearly distinguishable.

Thomas C. Nash
Associate Regional Counsel
